Customers of Industrial Nameplate, Inc.

Re: Conflict Mineral Free
Certificate of Origin

Dear Customers of Industrial Nameplate:

Industrial Nameplate, Inc. is a manufacturer of Nameplates, Labels, Tags, Membrane Switches and similar types of products. All of the products we produce are manufactured here at our facility, 29 Indian Drive, Ivyland, PA 18974. All of the products we provide to our customers are free of Conflict Minerals: Tantalum, Tin, Gold, or Tungsten.

For your due diligence, we certify the following 7 points:

1. No Conflict Minerals are intentionally added to our products.
2. Conflict Minerals are not necessary to the production of our products, and they are not known to be contained within the finished products that we manufacture.
3. We have a policy in place that addresses conflict minerals sourcing. We require conflict free mineral sourcing.
4. We require our direct suppliers to be DRC conflict-free.
5. When applicable we implement due diligence measures for conflict-free sourcing and request our suppliers to provide a Conflict Minerals Statement and/or Report.
6. When applicable, we request smelter names from our suppliers. We verify due diligence information received from our suppliers, and implement corrective action when necessary.
7. Currently, we are not subject to the SEC Conflict Minerals disclosure requirement rule.

You are welcome to contact us with any questions regarding this information.

Best regards,

John Stitzer, President
Industrial Nameplate, Inc.
